

Will You Receive a Free PC From XPERTECHS?

FREE PC — With Windows Vista and Office 2007!

Between now and Dec. 31st, all clients who sign up for a Premium Plus **XperCARE** Managed Services agreement* will receive a brand new PC from XPERTECHS:

- **HP Small Form Factor PC**— Business machine with three year warranty
- **Windows Vista**—Microsoft's newest, greatest operating system
- **Office 2007**—The latest version of the best office suite ever built
- **A \$1500 value**—Yours to keep!

A year from now, everyone will have this technology.

You can have it today!

*A Premium Plus **XperCARE** Managed Services agreement means that your servers, network, and desktop PCs are all covered under our special flat-rate technical support services.

If we currently cover your servers alone, now is the time to try a complete support agreement. Call for details.

Why Are We Doing This?

Are we crazy? Why are we giving away brand new, fully-loaded PCs?

We have two good reasons for giving away these machines.

First, we want to reward the customers who have made a commitment to XPERTECHS. We acknowledge and appreciate the faith you've placed in us. We hope that this program demonstrates our commitment to you.

Second, we want you to use the new versions of Windows and Office. We hope you'll love the new software and want to talk to us about a plan for upgrading all your systems.

Please call us to discuss any questions you have.
